# PET PHOTO CONTEST

## TIPS TO TAKE GREAT PHOTOS OF YOUR PET!

### FOCUS ON YOUR PET

We want your pet to be the star! Be sure photos are clear and focused. **ALSO**, do not include people or wildlife in your photos.

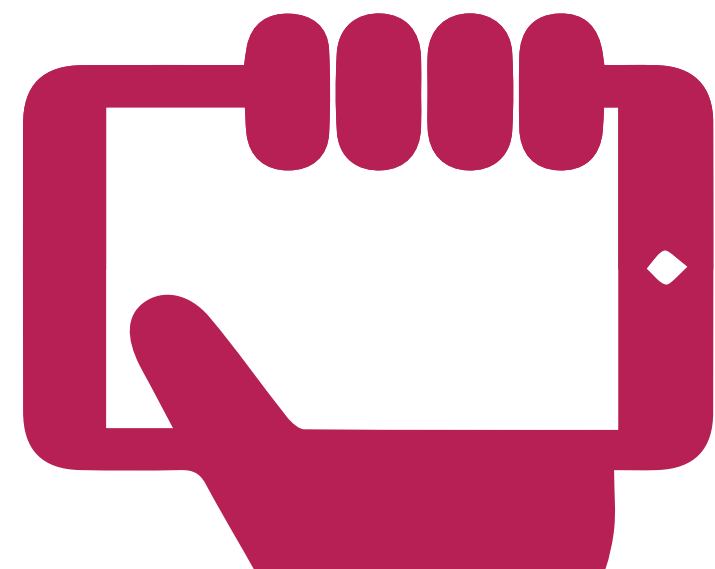

### ATTENTION PLEASE

Help get your pet's attention by grabbing a toy that makes noise or making funny noises with your mouth!

### USE NATURAL LIGHT

Try to take photos in **natural light** with minimal shadows. If indoors, daytime light near a window or outdoors in the shade is best!

### SHOOT HORIZONTALLY

Hold your phone sideways and set your camera to the highest resolution!

DON'T FORGET TO ENTER YOUR PET THROUGH
